Year	<6	<6
------	----	----

**District Total** = 10

\*The district cannot report a specific number of cases that is below 6, and this process still provides confidentiality to students and their families.

**Believe in Bellevue!**

## Student Learning

Mr. Reuter, HS Science Teacher, had an outstanding event for his Field Science class on Monday with a variety of activities from kayaking, starting a campfire, camping basics, grilling, and much more. This was an outstanding learning experience for our students, as learning must always extend beyond the classroom walls for our students for their benefit in lives. The application of learning is crucial, and in our area these types of learning are essential.

## Agriculture - Soil Judging Contest participants

Students from the Ag 2 class got the opportunity to compete at Southeast District FFA Soils! It was a great learning experience. Congrats Kaden Guenther for placing in the top 50!

## Fire Education from the Bellevue Fire Department

Students from Bellevue Elementary took part in fire safety training from the Bellevue Volunteer Fire Department this week, and as always it was an outstanding and important experience for our students. Thanks for the fire department staff for making this an annual event for our students!
